THERE IS A CHOICE!

What Condo Boards and HOA's should know before Signing Another Cable Contract!

For years, Frank Chiofalo and his board at Opal Towers felt captive by their cable operator. They wanted the best for their residents with regard to cable service but there were no choices. They wanted channels that reflected the profile of their community, they wanted to bring their residents other products such as DirecTV's NFL out of market games, they wanted to bring their residents International channels, they wanted to bring their residents an offering that did not require converter boxes, and thus avoid the converter rental cost. They did not want the same channel line-up that everyone else had. They felt one size does not fit everyone. They wanted personalized service, they wanted the ability to add or delete channels as they saw fit.

They did their research and they discovered there was a choice.

Thanks to the FCC's 1992 Cable Act, there is now competition. There are now choices. Them like thousands of other condo boards and HOA's chose Peoples Choice Cable TV & Broadband. They discovered they can bring their residents a customized channel lineup tailored for their community, offer their residents these services without the need for converter boxes, they were able to bring their residents DirecTV's NFL packages and more, without dishes spread throughout their community. They dictated their bulk rate, their amenities, and their customer service standards. They were assigned their own property liaison and their own technician, they found out what thousands of condo boards and HOA's are finding out; there is a Choice!

To Contact Peoples Choice Cable TV & Broadband, you can call 1-888-323-5218 or log on to their website at www.peopleschoicecable.com
